EVENT: Performance Based Practical Design at ODOT

Mr. David Holstein, Administrator, Office of Roadway Engineering, will provide an overview of Performance Based Practical Design (PBPD) at ODOT. PBPD is a new, more flexible approach to transportation planning that provides community-based and data-driven solutions to transportation needs. PBPD is recognized by the Federal Highway Administration (FHWA) and an increasing number of state departments of transportation as a valuable tool for making incremental improvements to existing conditions in an environment that is often constrained by available funding, timing, environmental and property impacts and other similar factors.

AGENDA: 11:30 am – 12:00 Noon – Registration
12:00 pm – 12:30 pm – Lunch
12:30 pm – 1:15 pm – Speaker and Questions
